Areas Served

Our Charlotte Area Kidney Charity Proudly Supports the National Kidney Foundation

National Kidney Services (NKS) is a kidney disease charity based in Charlotte, NC. We work to fight the battle against this illness by collecting donations of used clothing and household items from our generous donors in North Carolina and upstate South Carolina. All proceeds generated from your contributions go directly to the National Kidney Foundation, which implements programs for kidney disease research, early detection health screenings, patient advocacy, and continuing education for health professionals.

NKS encourages you to donate casual clothes, [professional clothes](#), books, toys, electronics, small appliances, and other items to our kidney charity by requesting a free donation pick up. Simply call 866-408-6464 or fill out our [online form](#) to add your contact information to our regular donation call list. You will receive periodic phone calls from one of our friendly representatives when donation pickups are being made in your neighborhood.

Our kidney [charity group](#) has worked hard to establish a comprehensive collection route that serves:

- Charlotte
- Winston-Salem
- Greensboro
- High Point
- Dilworth
- Myers Park
- Palisades
- Ballantyne
- And the surrounding areas

If you would prefer to make a [donation dropoff](#), simply bring your tax-deductible* [charitable contributions](#) to any [Value Village](#) thrift department store. [Value Village](#) has partnered with our kidney charity to accept donations on our behalf, and you can obtain a receipt for your donations at any of these donation centers.

*To the fullest extent allowed by law
